

**NSRDEC STEM MISSION:**

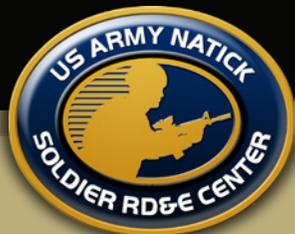

To share our technical story of the science behind the Soldier with the students and educators of today to inspire the great leaders and problem solvers of tomorrow.

Our mission is directly in support of the 5-year Federal STEM Strategic Plan of 2013 to:

1. Improve STEM instruction.
2. Increase and sustain youth and public engagement in STEM.
3. Enhance STEM experiences of undergraduate students.
4. Better serve students who are historically under-represented in STEM fields.
5. Design graduate education for tomorrow's STEM workforce.

# Ways to Engage with Our STEM Outreach...

## Tours and Interactive Demonstrations:

### ■ Tours of Installation:

We can host small classrooms (18-20 students) onsite for an interactive tour and demonstration.

### ■ School and Classroom Visits:

Our STEM outreach team can work with educators to customize a school visit with hands-on interactive demonstrations and educational exercises.

## Science Fairs/Career Fairs:

■ We support local and regional science fairs with judges and subject matter experts to assist in evaluating poster sessions and science fair projects.

■ The STEM outreach team is available to participate in career fairs and STEM related school functions upon request.

## Teacher Training:

■ Host annual teacher trainings onsite

**“Learn from yesterday, live for today, hope for tomorrow. The important thing is to not stop questioning.”**

**~ Albert Einstein**
